

Instructions

1. Cut out the circle.
2. Fold along the 4 straight lines until you can only see the side with the pattern.
3. Cut out the pattern.
4. Unfold to reveal your snowflake!

Can you find the MyMaths logo hidden in your snowflake?

Questions

1. How many lines of symmetry can you find on the snowflakes?
2. Which snowflake has the most lines of symmetry?
3. Can you design your own snowflake using the template on the next page? How many lines of symmetry does it have?

Create your own snowflake
